

See the future in a new light...

For more than 80 years, Lupo have manufactured top quality lighting and camera accessories. Once focused exclusively on the photography market, Lupo have expanded their offerings to include lighting for film and video. These new Lupo lights are creating quite the buzz in the film and video community. They are compact, lightweight, and efficient -- high output with low consumption and a cool running temperature. Ideal for photography, film, video and studio use.
